

Indoor Unit

- Modern, compact design
- Efficient cooling/heating
- 4 way swing
- Activated carbon filter
- Golden Fin
- Hidden air outlet gap
- WIFI

Remote Control

- 4/5 operation modes
- Sleep mode and on/off timers
- Turbo cool/heat settings
- Large LCD screen
- IPX5 waterproof

Condensing Unit

- Fashion appearance
- Self-cleaning
- Golden Fin
- Leakage protection
- Convenient installation
- Easy maintenance

The YORK® line of High Wall Air Conditioners includes a wide range of sizes to give you more flexibility in your product offering. Each model is designed to provide comfort and efficiency, in an easy-to-operate unit and the sleek design fits a variety of spaces, whether it's in a home or office. Models meet the highest energy efficiency ratings, so less energy is consumed without sacrificing comfort and performance. Both the condensing and indoor units are engineered for quiet operation. And comfort control settings are easily changed with the touch of a button on the remote control.

Features and Benefits

Triple Inverter

Triple inverter compressor provides more comfortable indoor environment, higher performance in partial load and better heating performance in low ambient temperature.

R-410A

Environmentally-friendly refrigerant cools and heats more efficiently without destroying the ozone layer.

Turbo Mode

Provides quicker cooling/heating with one press of the remote button.

24-Hour Timer

Allows programmed start times up to 24 hours in advance for flexible and more convenient operation.

Multi-Speed Fan

Multi-speed fan helps satisfy various airflow requirements.

Self Diagnosis

Clearly displayed failure codes allow for quicker troubleshooting and easier maintenance.

3-Minute Protection

A 3-minute delay before the compressor will restart helps avoid compressor damage and work time.

WiFi Control

Controls air conditioner with Smart phone or tablet through Internet.

Golden Fin

Hydrophilic aluminum evaporator fins resist water condensation, which reduces accumulation of dust particles and increases heat exchange efficiency.

Hidden air outlet gap 0.5mm → 0mm

Elegant appearance with hidden air outlet gap that prevents dust from entering through the aperture.

Japanese style, Visual thickness 145mm

The indoor unit design with the front and rear two-stage suspension, making the body floating gently on the wall.

High density filter Filter efficiency ↑ 20%

The fixed filter is strengthened, making it more suitable for air conditioner and avoiding dust.
